A MTurk Website Set-up

Figure A1 presents the user side interface where the worker needs to properly respond given the task description and the dialogue history. Figure A2 shows the wizard page with the GUI over all domains. Finally, Figure A3 shows the set-up for annotation of the system acts with Restaurant domain being turned on.

Please try to chat about the following topic:

Task MUL0002:

- You are traveling to and looking forward to try local restaurants.
- You are looking for a place to stay. The hotel should be in the east and should include free parking.
- The hotel should have a star of 4 and should be in the type of guesthouse.
- Make sure you get address and phone number.
- You are also looking for a place to dine. The restaurant should be in the moderate price range and should serve Australian food.
- If there is no such restaurant, how about one that serves Turkish food.
- Once you find the restaurant you want to book a table for 4 people at 17:46 on Friday.
- Make sure you get the reference number.

— The End —
